【Hakone Area Transportation Network Congestion】

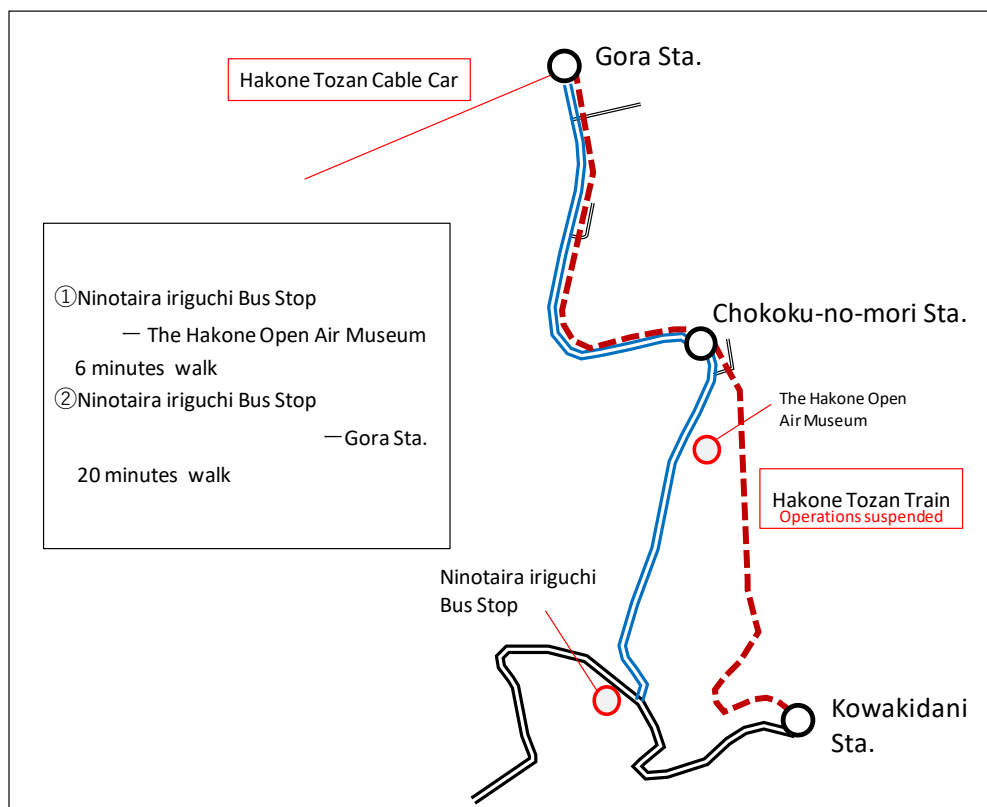

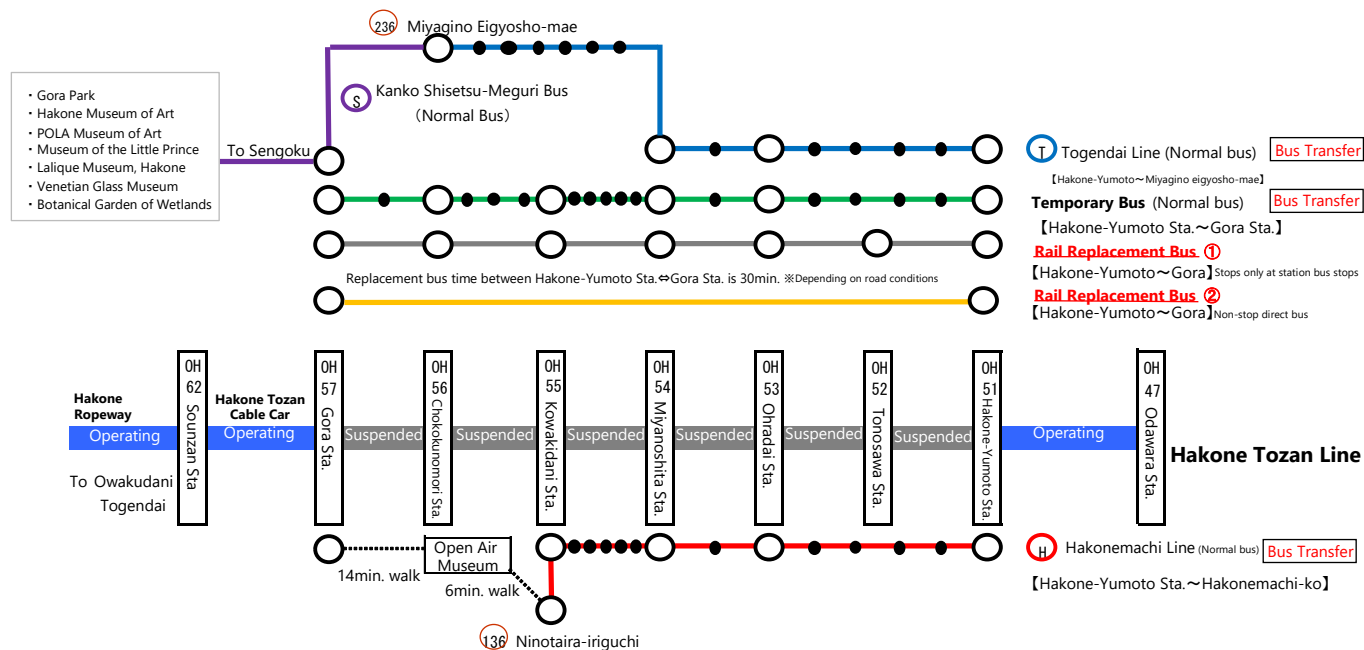

In accordance with the suspension of the Hakone Tozan Line from Hakone-Yumoto to Gora, replacement buses are operating along the line. Although buses are running with about the same frequency as the train line was, they cannot carry as many passengers. Therefore, congestion is expected (red lines below). Please bear this in mind and plan around the congestion or factor in this delay. Also remember that travelers from other routes will share the same roads.

Expected Traffic Congestion Map
